Александритовый лазер Again

Applications

- ● ● ● Hair Removal
- ● ● Anti-Aging & Wrinkles
- ● ● Vascular Lesions
- ● ● Pigmented Lesions

Sources

Alexandrite - 755nm
Nd:YAG Gradient Pulse - 1064nm
Nd:YAG Long Pulse - 1064nm

AGAIN

Especially recommended for

Hair Removal, Vascular Treatments, Benign Pigmented Lesions, Non-Ablative Skin Rejuvenation, Pseudofolliculitis Barbae (PFB), Onychomycosis

How to GAIN Power in Your Practice?

Unmatched Performance for Hair Removal & Most Aesthetic Applications

AGAIN is a fast and high-power laser platform for hair removal treatments with a wide range of applications in Aesthetic Medicine for professionals.

The Keys to Success:

1

2-in-1 solution:

Ultra powerful and fastest Alex + Unrivalled Nd:YAG

2

Moveo Technology:

The exclusive DEKA technology which drastically reduces the loss of reflected energy.

Today available for Hair Removal (**Moveo HR**), Pigmented Lesion (**Moveo PL**), and Skin Rejuvenation (**Moveo SR**) and Vascular Lesions (**Moveo VL**).

3

What The Market Needs:

A very flexible dual-wavelength system for reliable, cost effective and fast treatments.

POWER- EFFECTIVENESS- SPEED-SAFETY

AGAIN introduces a new and extremely flexible dual-wavelength system to perform reliable and cost effective treatments.

The advanced features make AGAIN a proper system for professionals who aim at excellent clinical results and a wide range of applications.

Double-Source System: Broadening the Range of Possible Treatments

Alex (755 nm)

The only effective treatment for fine and fair hair.

Nd:YAG (1064 nm)

It penetrates deeper into the skin to be effective in vascular treatment (both face and legs).

Standard Handpieces

- More than 11 selectable handpieces
- Several spotsizes available (2.5 - 30 mm NEW!!!)
- Automatic spot recognition system
- Ergonomic connector for air-cooling devices

Inside Moveo Innovation

Moveo HR: Focus on Hair Removal

The multiple passes of Moveo HR over small defined areas cause gradual heating and destruction of unwanted hair.

Moveo PL: Focus on Pigmented Lesions

The new MOVEO PL is indicated for skin age and sun spots progressively heating the pigmented lesions.

Moveo SR: Focus on Skin Rejuvenation

The multipass-controlled action of MOVEO SR causes a progressive increase in heat at dermal level, which stimulates a neocollagenic process.

Moveo VL: Focus on Vascular Lesions

The specific action of Moveo VL acts directly and effectively on vascular redness.

No Reflection = 100% Energy Absorbtion

The total adherence of the handpiece on the surface to be treated resets energy dispersion, thus obtaining 100% energy absorption, which means that to obtain the same results we need lower power compared to other systems on the market.

Maximum Effectiveness at Lower Power = Total Safety

The cumulative laser emission allows to deliver an amount of energy at lower power pulses that leads to hairs destruction in a way which is totally painless for the patient and side-effect free such as burning or discolouring, also in darker skin types.
